MILLER'S HEATING AND AIR CONDITIONING OPENS NEW HVAC FACILITY
Heating and Air Conditioning adds a new office building.

CHESAPEAKE, VA. -- Miller's Heating and Air Conditioning moved their corporate headquarters to Chesapeake, Virginia in April 2023. The new HVAC facility is strategically located on Bruton Court to efficiently extend heating and air conditioning services to homeowners in the entire Hampton Roads area.

Miller's Heating and Air Conditioning and has been serving the entire Hampton Roads area for 46 years. The company has been growing at double digits for the last five years and has been listed on Inc 500 Fastest Growing Companies three times since the 1980's. The rapid growth has created the need for a modern facility to better serve our growing customer base in the high tech age of home comfort.

"The Chesapeake location really fits our needs to access the Southside and the Peninsula. The new office building is state-of-the-art and modern, which accommodates today's changing office needs. The new location is centrally located to these markets with good highway access which will help our overall efficiency" states President of HVAC, William DeGroat. "We've been providing home comfort services for the past 46 years and will continue to focus on growing our business and getting better every day."

The new office building has ample space for the administrative and customer service staff, along with a large training area for technicians. All team members are welcoming the new state-of-the-art office building outfitted with a brand new, hands-on training room. The technicians and team members can see, touch, and work on the exact same systems Miller's installs and services in customer homes daily. Our attention to training has paid off with satisfied customers posting positive reviews online at Google reviews and Instagram.

Millers Energy initially began as an oil company in 1977 founded by A.C. Miller. Miller purchased Exxon Co. USA's home heating business, and the company expanded to wholesale fuels, retail convenience stores, and commercial fuels and lubricants employing over 500 people. Millers sold the convenience stores and wholesale fuel businesses in 2022, and now its sole focus is on providing home comfort. "Millers has come full circle now – back to our roots of providing home comfort services to the folks in our communities," stated CEO, Jeff Miller. "Our mission always called for the highest quality products and inspired personal service – regardless of the industry."

Millers can be found online at www.millershomecomfort.com and MillersHVAC on Instagram. Miller's is the leading locally owned heating and air conditioning company serving Virginia Beach, VA and surrounding areas. Miller's certified and trained technicians can provide a wide range of Heating and Air Conditioning to improve home comfort, while offering affordable and trustworthy solutions.
